SUMMARY

- Operations and programme coordination professional with experience supporting schools, community stakeholders, and cross-functional teams in fast-moving environments.
- Coordinated programmes, events, and community-facing activities end-to-end, including planning, scheduling, logistics, and delivery across multiple campuses and partners.
- Built strong working relationships with staff, families, suppliers, and service providers, including handling 50+ weekly enquiries with structured and timely communication.
- Maintained accurate operational records, compliance documents, and internal systems to improve consistency, reporting, and day-to-day delivery.
- Currently supporting procurement and invoicing workflows at a New Zealand technology company, including quote tracking, purchase order coordination, and Xero/Dext-based finance support.
- Known for a warm, respectful communication style while staying organised, reliable, and responsive under changing priorities.

WORK EXPERIENCE

Mindhive Limited / Mindhive Global - Operations & Business Support Coordinator

Jan 2025 - Present · contract · AI technology, machine vision, industrial quality systems

New Zealand technology company developing AI-powered machine vision systems for industrial quality assessment, defect detection, and grading.

Highlights

- Provide day-to-day operational, administrative, and coordination support across office operations, procurement, finance administration, facilities, and internal business support functions.
- Coordinate purchasing activities including supplier communication, quote collection, purchase order preparation, invoice follow-up, and delivery tracking.
- Liaise with internal teams, external suppliers, contractors, and service providers to support smooth workflows and timely resolution of operational issues.
- Support finance administration through invoice management, purchase order coordination, quote tracking, and use of Xero and Dext.

- Contribute to improving internal systems, documentation, and operational processes in a fast-moving technology environment.

Tech: Microsoft Office, Xero, Dext, Google Workspace, Slack, Jira, AI-assisted tools

Marie International School - Operations & Programme Coordination Lead / Head Administrator

Jan 2021 - Dec 2024 · full-time · International education, early childhood education

International school in Nishinomiya, Japan, experiencing rapid growth across multiple campuses with a threefold increase in enrolment and team size.

Highlights

- Started as an Administrator and progressed to Assistant Teacher for 3-5-year-olds, and ultimately became the Head Teacher at a newly established school.
- Coordinated daily operations across 3+ functional areas, supporting consistent service delivery for 100+ students and families during rapid growth.
- Managed scheduling and workflow coordination for 20+ staff members, strengthening alignment and communication across campuses.
- Maintained and streamlined 30+ operational documents, records, and compliance registers, improving process clarity and administrative consistency.
- Acted as primary liaison between leadership, staff, parents, partners, and suppliers, handling 50+ weekly enquiries with structured and timely communication.
- Coordinated 10+ cross-campus programmes, events, and initiatives from planning through execution, including large-scale events involving 150+ attendees and 20+ staff.
- Supported onboarding and integration of new team members during rapid expansion, reinforcing scalable processes and service consistency.
- Created a positive work culture among staff members, contributing to the school's reputation as a desirable educational institution through word-of-mouth referrals.

Tech: Microsoft Office, ClassDojo, Instagram

Takapuna Primary School - After School Care Assistant

Jan 2011 - Dec 2014 · part-time · Primary education, after-school care

Auckland primary school providing after-school care for students.

Highlights

- Provided after-school care support for primary-aged students at an Auckland school.
- Incorporated arts and music activities into after-school programme delivery.
- Supported children during a cross-cultural transition, helping students feel safe and settle into a new environment.

Independent Client Services & Programme Coordination - Self-Employed

Jan 2012 - Dec 2020 · contract · Tourism, hospitality, client services

Demand-driven independent service business operating within a competitive and highly seasonal market in Japan, including tourist guiding across Kyoto and Nara (2015-2020) and bespoke client programme delivery for international B2C and B2B clients.

Highlights

- Designed and delivered customised client programmes for international B2C and B2B clients, managing full service lifecycle coordination.
- Coordinated 5-10 external vendor bookings per programme, ensuring seamless multi-provider execution.
- Managed seasonal revenue planning, expense tracking, and invoicing, maintaining financial oversight and supplier cost control.
- Built referral networks and independent marketing channels, generating repeat and word-of-mouth business.
