SUMMARY

- Operations and programme coordination professional with current Auckland-based experience supporting a fast-moving technology business across operations, procurement coordination, finance administration, and stakeholder communication.
- Strong record in scheduling, workflow coordination, and documentation control, with a practical focus on accuracy, timeliness, and dependable follow-through.
- Confident coordinating across internal teams, external suppliers, and contractors to keep service delivery moving and issues resolved quickly.
- Experienced in high-volume communication environments, balancing urgent requests and competing priorities while maintaining a calm, service-focused approach.
- Warm, professional communicator who builds trusted working relationships across teams and stakeholders.

WORK EXPERIENCE

Mindhive Limited / Mindhive Global - Operations & Business Support Coordinator

Jan 2025 - Present · contract · AI technology, machine vision, industrial quality systems

New Zealand technology company developing AI-powered machine vision systems for industrial quality assessment, defect detection, and grading.

Highlights

- Provide day-to-day operational, administrative, and coordination support across office operations, procurement, finance administration, facilities, and internal business support.
- Coordinate purchasing workflows including supplier communication, quote collection, purchase order preparation, invoice follow-up, and delivery tracking.
- Liaise with internal teams, external suppliers, contractors, and service providers to support smooth workflows and timely resolution of operational issues.
- Support procurement and inventory control through hardware sourcing support, stock checks, supplier follow-up, and documentation improvements.
- Maintain structured records across quote, invoice, and order activity using Xero and Dext.
- Contribute to process and documentation improvements in a fast-moving operational environment.

Tech: Xero, Dext, Microsoft Office, Google Workspace, Jira, Slack, AI-assisted tools

Marie International School - Operations & Programme Coordination Lead / Head Administrator

Jan 2021 - Dec 2024 · full-time · International education

International school in Nishinomiya, Japan, experiencing rapid growth across multiple campuses with a threefold increase in enrolment and team size.

Highlights

- Coordinated daily operations across multiple functional areas, supporting consistent service delivery for 100+ students and families.
- Managed scheduling and workflow coordination for 20+ staff members, improving alignment and communication across campuses.
- Maintained and streamlined 30+ operational documents, records, and compliance registers to improve administrative consistency.
- Acted as a primary liaison between leadership, staff, families, partners, and suppliers, handling 50+ weekly enquiries with structured communication.
- Coordinated cross-campus programmes and events from planning through execution, including large events with 150+ attendees.
- Supported onboarding and integration of new team members during rapid expansion to maintain operational continuity.

Tech: Microsoft Office, ClassDojo, Instagram

Independent Client Services & Programme Coordination - Self-Employed

Jan 2012 - Dec 2020 · contract · Tourism, hospitality, client services

SUMMARY

- Operations & programme coordination professional with a strong track record in **fast-paced environments, competing priorities, and high-accuracy scheduling and documentation.**
- Experienced in **resource coordination** across teams and external partners during rapid growth - aligning available capacity with daily operational needs and **service delivery** expectations.
- **Service-focused** communicator who keeps **stakeholder needs** central while maintaining clear records, structured follow-up, and calm escalation patterns when work is urgent.
- **Process-orientated** approach with **attention to detail** on operational registers, compliance-style documentation, and day-to-day **administrative** consistency.
- Comfortable building **effective relationships** across functions - from field-facing teams and supervisors to partners, suppliers, and community stakeholders (international experience).
- Current role in Auckland strengthens **systems, coordination, and operational** support in a technical business context.

WORK EXPERIENCE

Mindhive Limited / Mindhive Global - Operations & Business Support Coordinator

Jan 2025 - Present · full-time · AI technology, machine vision, industrial quality systems

New Zealand technology company developing AI-powered machine vision systems for industrial quality assessment, defect detection, and grading.

Highlights

- Provide operational coordination across **office operations**, **procurement**, finance administration, **facilities**, and internal support - working in a responsive environment where issues need clear prioritisation.
- Coordinate purchasing workflows with **supplier communication**, **delivery tracking**, and follow-up - practical experience keeping commitments, deadlines, and handoffs tight.
- **Liaise** with **internal teams**, **contractors**, and service providers to resolve operational issues and keep work moving when plans shift.
- Maintain disciplined administration through **invoice management**, **purchase order coordination**, and **quote tracking** using **Xero** and **Dext** - habits aligned with accurate operational records.
- Support **documentation** improvements that make work easier for teams and reduce ambiguity in recurring processes.

Tech: Google Workspace, Microsoft Office, Slack, Xero, Dext, Jira, AI-assisted tools

Marie International School - Operations & Programme Coordination Lead

Jan 2021 - Dec 2024 · full-time · International education, early childhood education

International school in Nishinomiya, Japan, experiencing rapid growth across multiple campuses with a threefold increase in enrolment and team size.

Highlights

- Led **operations** and programme coordination in a **dynamic** setting with daily surprises, community expectations, and limited spare capacity - similar **pace** to **dispatch**-style pressure, without the utilities domain.
- **Managed scheduling** and workflow coordination for **20+ staff** across campuses - aligning skills, availability, and priorities to keep **service delivery** consistent.
- Coordinated **10+ cross-campus programmes** and events end-to-end, including large operational moves with **many moving parts** and tight timing.
- Maintained accurate **operational records** and streamlined **30+ documents**, registers, and compliance-style tracking - strong fit for **job records**, scheduling data, and **documentation** discipline.
- Acted as a primary **liaison** for leadership, staff, parents, partners, and suppliers - clear, confident communication across groups, including when stakes feel high.
- Coordinated **vendors** and **suppliers** alongside stock and facilities-adjacent work - practical experience aligning internal needs with external resourcing.

Tech: Instagram, ClassDojo, Microsoft Office
